

Classifier Flight Shoes

Argonics manufactures premium classifier flight shoes from wear-resistant Kryptane® polyurethane. We've replaced alloy shoes in sand and gravel plants around the world.

Installation after installation, Argonics classifier shoes outlast metal alloys and our competitors' best urethane shoes. Lightweight Kryptane shoes increase service life for your entire screw, decreasing downtime and saving you money.

We have most brands of classifier flight shoes available with quick lead times. Contact Argonics for more information on how to reduce your costs associated with wear, abrasion and corrosion.

BENEFITS:

- Lighter weight than metal alloy shoes
- Easy to handle for quick installation
- Resistant to corrosive applications
- Interchangeable between right- or left-hand screws
- Retrofits available for a variety of sand screws
- Reduced power consumption
